

IBS ADVISORS PRESENTS A HERS RATER & FIELD INSPECTOR COURSE

Our students enjoy a higher than average pass rate on the tests required for certification. IBS Advisors has an innovative training approach designed to increase knowledge transfer and success on the RESNET National Core Competency Exams for Raters and Field Inspectors.

The first 3-day session is for Field Inspectors and Raters while the 2nd 3-day session is a continuation for Raters only. We maintain a limited class size to maximize student-trainer interaction.

Our instructors are RESNET-accredited trainers and bring with them years of experience performing inspections, ratings and training.

What you will need:

- Laptop computer running Windows XP or higher, with USB port and wireless internet capability (Wi-Fi or broad band)
- USB jump drive
- Calculator
- 35' tape measure
- Hard hat
- Architects scale
- Pen or pencil
- Notepad
- Flashlight
- Compass

Cost of the course:

Field Inspector: \$895.00

Rater: \$1,900.00
